

AMK FARMING

Organic Vermicompost Products Manufacturer Since 2004

AMK Farming is one of the most trusted name in Natural Fertilizer Manufacturer in Haryana. AMK Vermicompost is a natural fertilizer made from pure cow dung and special earthworms. These earthworms eat the cow dung and turn it into nutrient-rich compost that's great for plants.

AMK Farming, a leading organic Vermicompost manure wholesaler, natural fertilizer manufacturer, and premium quality Vermicompost manufacturer in Haryana, is the best supplier for bulk quantity Vermicompost.

This compost is like a superfood for the soil. It has lots of good stuff, like nutrients for plants to grow strong (kind of like plant vitamins). It contains things like nitrogen, phosphorus, and potassium, which plants really like. Plus, there are other tiny things in there that plants need in small amounts, like copper, calcium, and zinc.

OUR VERMICOMPOST GROWS FRESH FOODS PRODUCTS

Fresh

Our vermicompost is created using a meticulous process that ensures freshness and nutrient retention, leading to bountiful harvests.

Premium Results Premium Quality

Our vermicompost is composed entirely of natural ingredients, providing an enriching and authentic experience for your crops without harmful additives.

Eco-Friendly Excellence:

By choosing our vermicompost, you're contributing to a greener planet. Our production methods prioritize sustainability and reduce environmental impact.

Organics at Heart:

We embrace the organic approach, cultivating our vermicompost in a chemical-free environment, promoting healthier soil and more nutritious crops.
